Quote of the day: Words to live by:

1. If you believe that someday it's going to happen, someday it probably will happen. You just have to make sure you're there when it's happening and ideally you're at the front of the parade, and the principle beneficiary of when it happens, but it's not a kind of thing where you just sort of sit back and wait. Steve Case.

2. You are surrounded by simple, obvious solutions that can dramatically increase your income, power, influence and success. The problem is, you just don't see them. Deepak Chopra
